

# ***NZMSM Music Teacher Donna Allely***

'I love teaching music and interacting with a wide variety of children. I began teaching as a NZ Primary School Teacher before joining NZ Modern School of Music and have a passion for music education.

Teaching individual and/or group usually incorporating elements of general musicianship, music theory, instrumental technique and interpretation. I enjoy communicating with parents, establishing relationships with schools, developing networks and collaborations. I have a passion for arranging performance opportunities for my students, such as community concerts, school events and ukulele festivals. It is fantastic working for NZMSM, which offers many musical opportunities for my students and myself to enjoy'
